FEATURES

- Straight-through, non-restrictive design specifically tuned for the Chevy Avalanche.
- Flow bench-tested 74% gain in exhaust flow vs. stock system.
- **10 lbs. lighter than stock!**
- 3.0" diameter, mandrel-bent, premium stainless steel construction, crafted with pride and precision in the USA.
- Patented CORSA Reflective Sound Cancellation™ Technology for superior sound and significantly increased flow.
- Lower backpressure and Exhaust Gas Temperatures.
- Single side exit with hydroformed oval tip or twin Pro-Series 4.0" tips for enhanced vehicle appearance.
- No welding required; Bolt-on installation.
- Includes hardware and illustrated full-color installation guide.
- 50-state emissions legal.
- **Limited LIFETIME WARRANTY** for as long as you own your Chevy Avalanche.
- Complies with 95 dB requirement when tested in accordance with SAE test procedure, J1169 (May 1998).

CORSA exhaust systems are not warranted to meet any specific local, state or federal noise ordinances. Please check applicable laws before installing.

**+14.4 HP
+15.3 ft.-lbs.
Torque**

System shown with Hydroformed Oval Tip

System also available with Twin Pro-Series 4.0" Tips

The precision engineering, uncompromising quality and flawless fit and finish of the CORSA Performance Exhaust is guaranteed for as long as you own your Chevy Avalanche.

THE CORSA DISTINCTION

No Other Exhaust Manufacturer Delivers All Four:

NO RESONANCE/DRONE

Due to patented Reflective Sound Cancellation™ (RSC™) technology; your exhaust is whisper quiet at highway speeds

Increased Horsepower & Torque

Resulting from a straight-through design; increased flow & less backpressure.

Great Performance Sound

We tune in the good sounds and cancel the bad, without the use of baffles or steel wool packing material.

Better Fuel Economy

Less backpressure means the engine does not work as hard (especially if you can keep your foot out of it).
