## No Other Exhaust Manufacturer Delivers All Four:

### NO RESONANCE/DRONE

Due to patented Reflective Sound Cancellation™ (RSC™) technology; your exhaust is whisper quiet at highway speeds

### Increased Horsepower & Torque

Resulting from a straight-through design; increased flow & less backpressure.

### Great Performance Sound

We tune in the good sounds and cancel the bad, without the use of baffles or steel wool packing material.

### Better Fuel Economy

Less backpressure means the engine does not work as hard (especially if you can keep your foot out of it).

**64% GAIN IN FLOW!**

The precision engineering, uncompromising quality and flawless fit and finish of the CORSA Performance Exhaust is guaranteed for as long as you own your Toyota Sequoia.
